*******Payment in BONDSports Online System*******

It is your responsibility to ensure your payments are processed in a timely manner. Payments may be made automatically through monthly credit card transactions or managed through our Self-Service Payment Portal. Each player will be required to use our online Self-Service Payment Portal to monitor their balance and keep payments up to date.

31 days late:	Notify the Director of Coaching and Coach of balance due and that member is not in good standing. Player will receive a warning that if payment is not made within 30 days, the Director of Coaching will be notified and appropriate actions will be recommended to the Board of Directors (including but not limited to: suspension from games, suspension from practice and games, suspension from club, etc)
61 days late:	The Director of Coaching will discuss past due balances with the Board of Directors and appropriate sanctions of player and family will take place until such time as player and family become a member in good standing.

Player accounts need to be monitored monthly. Changes in credit card expiration dates, numbers, etc must be updated in the system through the online portal to keep payments up to date. The system generates notifications if your card is about to expire, or if your payment was not able to be processed. We do not receive these notifications, so we ask you to stay on top of the accounts at all times.

Refund Policy:

Accepting a position on an LVU team is a commitment to the club and to the other members of the team to play for the full soccer year. In accordance with EPYSA regulations, there may be circumstances that result in a player asking to be released from a team. This refund policy applies to players who voluntarily request a release from a team prior to the completion of the year (August 1 to July 31).

LVU depends on the receipt of payments to pay for expenses during the seasonal year. As such, refunds are strongly disfavored and will be granted only in the rarest of circumstances.
